SUMMARY

A highly motivated and detail-oriented Front-End Developer with a strong foundation in web development technologies. Proficient in HTML, CSS, and JavaScript, I am committed to creating responsive and visually appealing websites that provide an exceptional user experience. I am eager to collaborate with experienced professionals, contribute to innovative projects, and further develop my skills in front-end development. With a passion for staying up-to-date with the latest industry trends and a dedication to producing high-quality code, I am ready to embark on a successful career as a Front-End Developer.

EXPERIENCE

Internship

Graviton Web Technology

09/2023 - Present bengalur

I had the opportunity to contribute to dynamic and user-centric web applications . My responsibilities included:

- Collaborated with the design team to translate wireframes and mockups into interactive and visually appealing user interfaces. Engaged in discussions to ensure seamless integration of design elements into the development process.
- Implemented responsive design principles to ensure optimal user experience across various devices and screen sizes. Utilized CSS frameworks such as Bootstrap to streamline the development of mobile-friendly web applications.
- Utilized version control systems, such as Git, to manage and track changes in the codebase. Participated in branching and merging activities to facilitate

EDUCATION

Bachelor of Science in Computer Science

2022

Amravati University

08/2019 - 08/2022 Akola, Maharashtra

PROJECTS

e-commerce website

The project aimed to create an accessible and responsive platform for online retail, catering to a diverse range of products and services. This experience allowed me to refine my web development and project management skills.
